NOTIFICATION

In a time of 21 to 26 November 2013th the guest of "Archimedes" was prof. Olga Zaitseva at the University of Toronto (Director of the International Mathematics Tournament of Towns in Toronto, Canada). During the visit, got acquainted with the work of the Mathematical Society "Archimedes" (in general), attended classes in "Arhimedes’ " school for young mathematicians (ASMM), gave lectures in some departments ASMM, as well as courses for teachers ASMM. Attended the final "Archimedes" Internet Mathematical Olympiad (for the fourth grade of primary school). With great enthusiasm examine the rich "Archimedes’ " library. He also visited the elementary school "Lazar Savatić" in Zemun, where he gave a lecture to students of the eighth grade. Of course, she met some of the sights of Belgrade. She traveled with the best impressions and a desire to visit us again.
